Stone Lamp adds more than just light to a room, it casts a beautiful soft glow. Danish duo Norm Architects set out to reexamine the lamp, with the intention of designing a piece to light the home like candlelight. The considered use of natural materials – mouth blown smoky glass on a ceramic base – adds to its warmth.

About the Designer

Norm Architects was founded in 2008 by Jonas Bjerre-Poulsen and Kasper Rønn. Norm works within residential architecture, commercial interiors, industrial design, photography, graphics and art direction. The name 'Norm' signifies the importance of drawing inspiration from norms and traditions within the fields of architecture and aesthetics, which have been refined throughout the centuries. Norm makes a virtue of focusing on quality, durability and timelessness. Their objective is to produce design which applies good materials and craftsmanship whilst embodying beauty, traditions, history and most importantly, timelessness.
