Sphere of 160, 250 or 350 mm diameter, formed by two hemispheres: bases stamped in steel with finishes in lacquered matte black (RAL 9005), lacquered mink (NCS S 2005-Y10R) and lacquered olive grey (RAL 6006), an diffusing screen made of satin opal acid-etched blown glass.

Black electrical cable, 3 meters long.

Marble base has a neodymium magnet that helps to fit the metallic part of the sphere.
